Part C: Declaration

I hereby declare that

- This project hasn't received any other financial support from another department or funding scheme

- This project doesn't duplicate, and isn't closely aligned with, my Final Year Project or any assessments for course work

- I understand that plagiarism and falsification of data are serious academic misconduct. I have read and understood the University's "Regulations Governing Students' Academic Conduct Concerning Assessment".

- I have read and understood the University's Policy on Research Integrity.

- I understand that should there be any deviation in implementation of the proposed project after funding approval, I would inform the Common Core Office in time for endorsement.

- I understand that funding will be provided in form of *reimbursement* upon the Common Core Office's receipt of a full completion report from me on the research study and its findings after the project has been completed. The completion report should include a clear project financial breakdown, with receipts (original copies) of individual expenses items attached.

- I understand that I should deliver a poster or other form of presentation on this project (either virtually or physically) either at Student Learning Festival (Spring 2022) or I2 Showcase (Fall 2022).

- I have read and understood Common Core's terms and conditions on https://commoncore.hku.hk/tdugr-project/
