

TransDisciplinary Undergraduate Research Initiative

Mentors

- Who?** HKU Staff, Community Members, or International Partners with appropriate training and a commitment to student research projects across disciplines or sectors
- What?** Light-touch mentoring to help students get organized, directed toward resources, stay on track, and finish on time.
- How Long?** From 6-weeks to 1-year, depending on the proposal
- Scheduling?** Up to you and the students
- Why?** Because you find the process intriguing and supportive of student exploration
- Compensation?** Delight and building relationships with students, colleagues, and the Common Core across a range of cross-disciplinary thinking and acting
- More Information?** *Transdisciplinary Undergraduate Research Initiative:*
